

My Color Circles

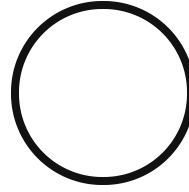

Grown-up: read each color word. Child: find that crayon and scribble it into the circle. Scribbling counts, and so does going outside the lines!

Grown-up tips

Tape the page to the table · offer 3–4 chunky crayons, not the whole box · say what you see (“lots of red!”) instead of “stay in the lines” · stop while it’s still fun

Roar! Color the Lion

A big, friendly lion with thick lines from our *Cute Wild Animals Coloring Book*. Try a yellow face and an orange mane, or any colors you like.

Splash! Color the Hippo

Hippos can be purple, pink or blue here. Point to the eyes, ears and nose and name them together as you color.
