PAGE 1 · AGES 3–4 · BIG SPACES

Color by Number: My House

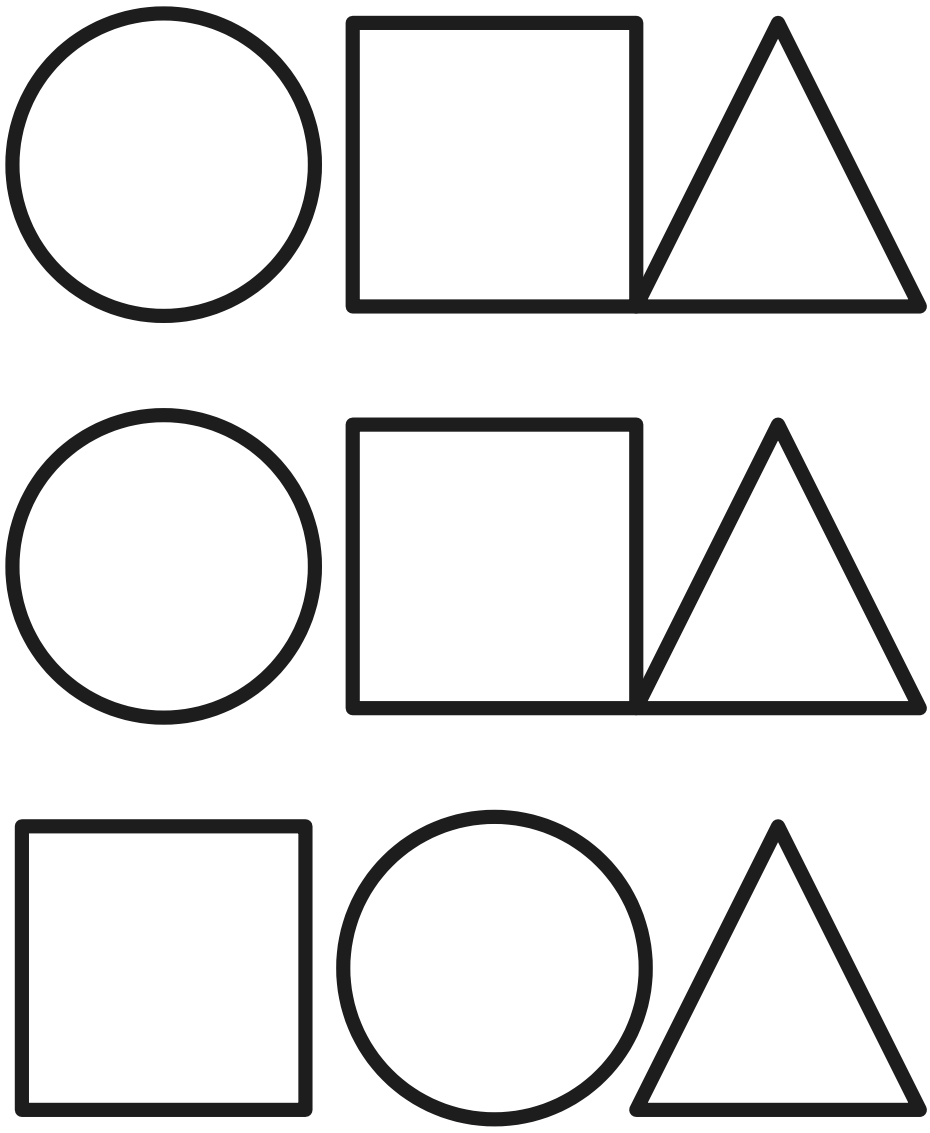

Find the number, find the crayon, color the space. Start with big spaces.

- ◯ 1 = red
- ◯ 2 = yellow
- ◯ 3 = brown
- ◯ 4 = orange
- ◯ 5 = blue

Color by Shape

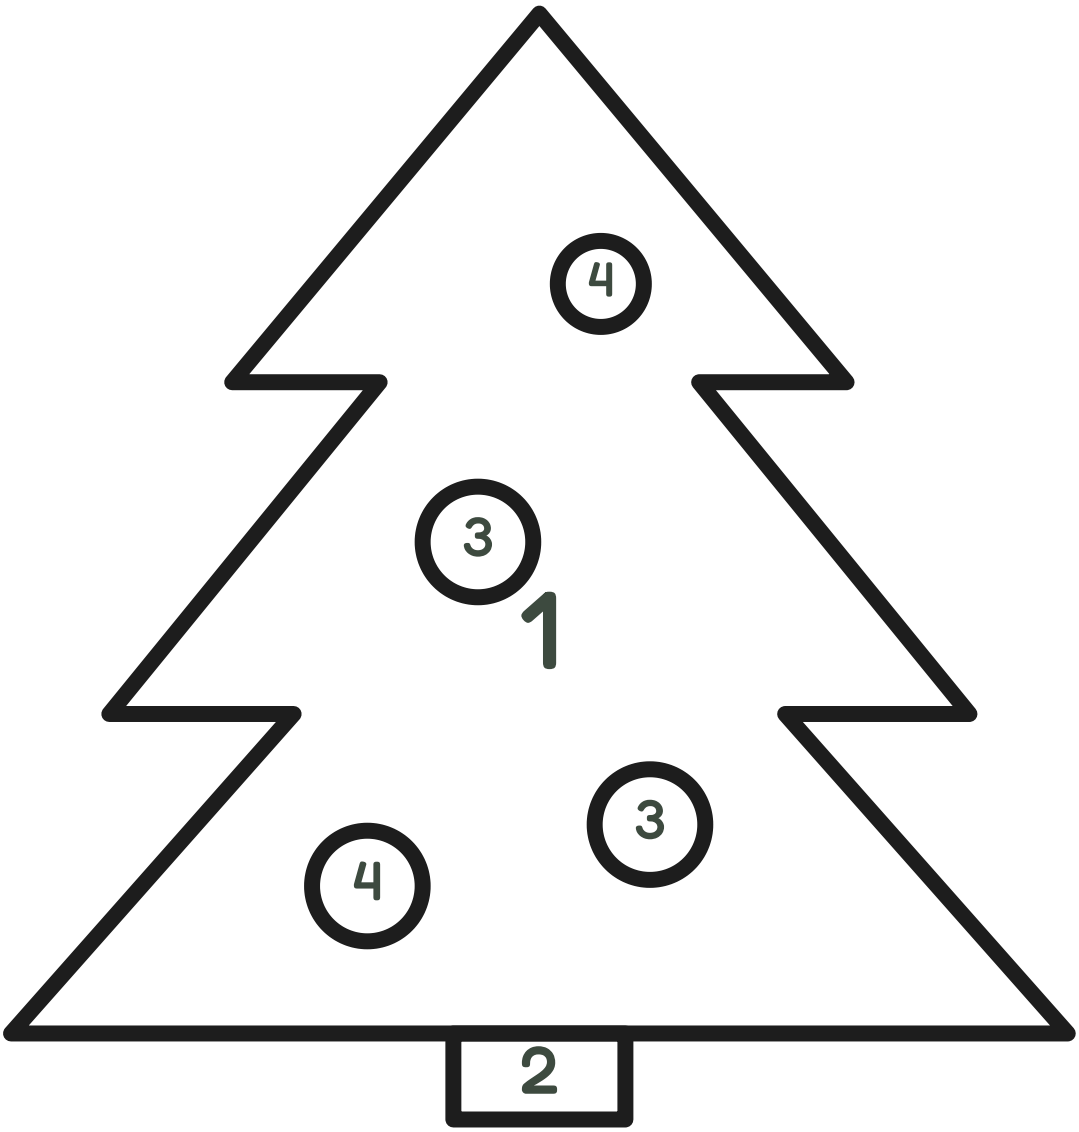

Before numbers, try shapes! Point and name each shape, then color.

● circle = red ■ square = blue ▲ triangle = yellow

Color by Number: Winter Tree

Small circles take careful hands. Go slow; outside the lines is okay!

- ◯ 1 = green
- ◯ 2 = brown
- ◯ 3 = red
- ◯ 4 = yellow

Count the Dots, Color the Dots

Say the number, then color that many dots. Use a different color for each box.

Make Your Own Color by Number

Draw a big simple picture (a fish, a balloon, a car). Write numbers in the spaces and make a key.

◯ 1 = _____ ◯ 2 = _____ ◯ 3 = _____

◯ **Start with 2–3 colors**
Big spaces first, small spaces later.

◯ **Pre-color the key circles**
Kids match the color, not the word.

◯ **Stop while it is fun**
5–10 minutes is a win for many preschoolers.
